

THE ASEMA SOLUTION

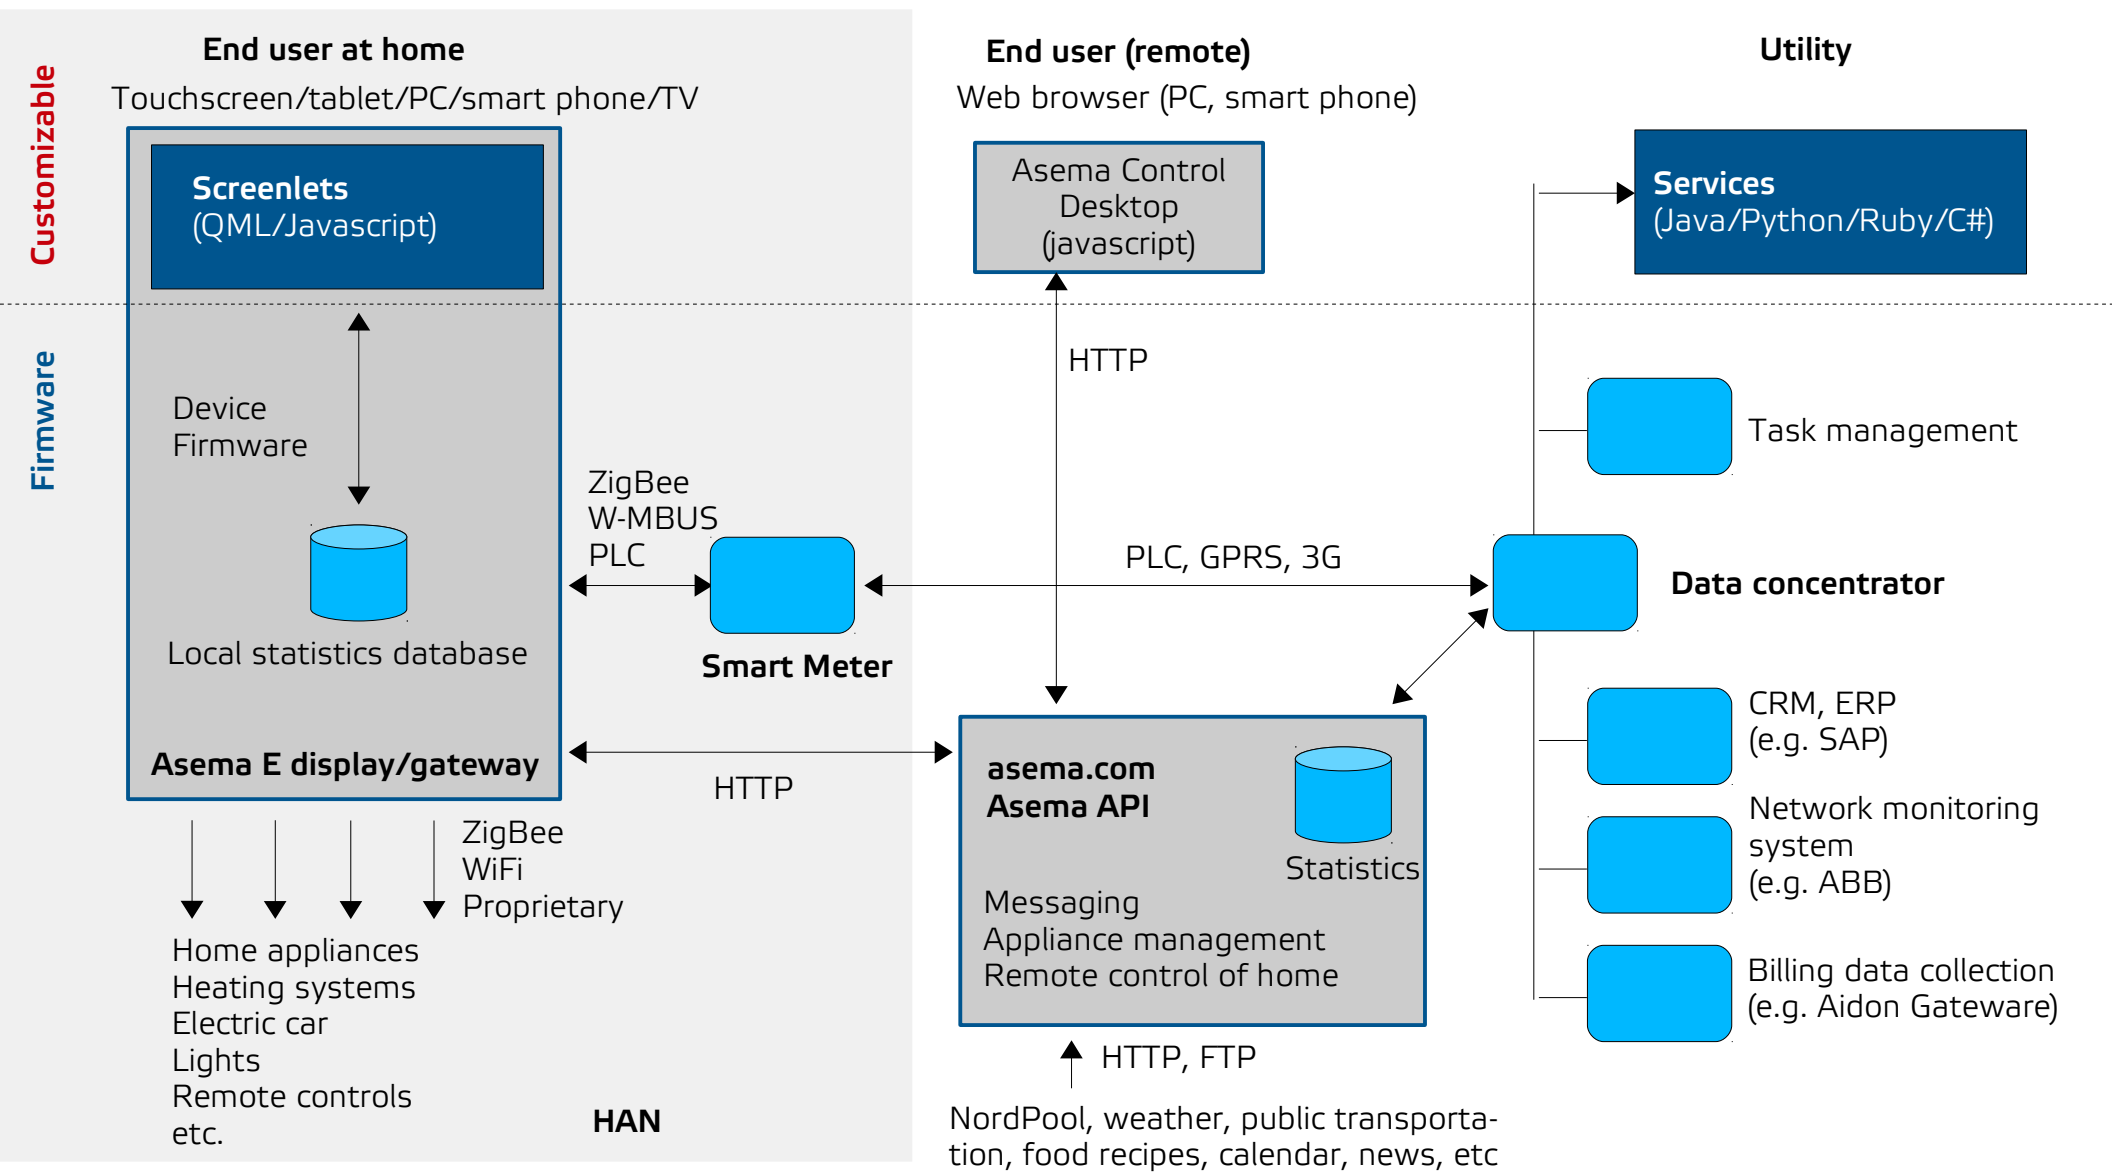

- Energy displays
- Integrated home automation
- Relay control of appliances
- Per appliance real-time power measurement
- Smart meter integration
- Wireless and extensible

CORE VALUES

- **INFORMATION** to measure and communicate energy use in a real-time, understandable and engaging way
- **MOTIVATION** to create impact and involve consumers as active participants when necessary
- **AUTOMATION** to relieve the administration effort and to offer reduced burden and increased value to users.

SYSTEM STRUCTURE

DJANGO BEHIND THE SCENES
